

VIJAYAVAHINI CHARITABLE FOUNDATION

Supported by TATA TRUSTS

Civil Contractor for the Construction of Water Plant Structures in Krishna District

1. PROJECT BACKGROUND:

Vijayavahini Charitable Foundation (“VCF”), a Section 8 Company supported by Tata Trusts, is a non-profit organization working across Andhra Pradesh in thematic areas like healthcare, livelihoods, nutrition, education, water and sanitation. One such initiative is to supply safe drinking water in remote villages of Krishna district, Andhra Pradesh. The primary objective is to develop a proof of concept to provide safe drinking water in select villages in Krishna District, through community based drinking water plants that are scalable and sustainable.

VCF intends to serve the communities that do not have access to affordable, safe and purified drinking water, by setting up Any Time Water Machines (“ATWs”). The ATWs will be set-up on the land licensed by the local body, and subsidized rates will be charged for the supply of treated water to the community, in order to make the project sustainable. 20 such ATWs, each catering to a catchment in the range of 500 - 1000 households, are planned to be set-up in the next 6 months. All the ATWs are planned to be equipped with a technology system, to enable automation of plant operations, to allow cashless transactions at water sale points and to provide detailed reports for data analytics.

2. SCOPE OF WORK:

VCF is looking to engage Civil Construction partners (“Partners”) with a diverse range of experience and high level of expertise in the civil engineering projects preferably with the knowledge of constructing structures for water treatment plants. The Partners are expected to provide reliable end to end Construction services for the Plants, and deliver the project within the stipulated timelines as per the specifications, drawings and directions given by VCF. Construction of total plant structure with all allied activities is in the scope of the partner. The detailed civil components BOQ is attached as Annexure A, Designs and drawings are attached as Annexure B for reference. The list may not be exhaustive and partners are encouraged to share additional components, design changes and materials that can be incorporated in building the plant.
